LIMITS ON INTERNET BANKING TRANSACTIONS

- You must have enough available money or credit in any account from which you instruct us to make a payment or transfer. If any of your eligible accounts are savings accounts, certain types of withdrawals from those accounts, including payments and transfers, are limited. Financial Resources requires that an Account holder make no more than six (6) transfers or withdrawals during any statement cycle. The kinds of withdrawals covered by this limitation are those made by means of preauthorized or automatic transfers and payments or telephone transfers. If you have a Money Market account, a total of only 3 of these kinds of withdrawals may be made by check, draft, debit card, or similar order payable to third parties.
- Account balances may differ from your records due to deposits, outstanding checks or other withdrawals, payments, or charges in process. If you have further questions, please contact our Member Service Center at 800-933-3280.
- The Credit Union will not immediately receive E-mail that you send. Therefore, you should not rely on E-mail if you need to communicate with the Credit Union immediately. For example, if you need to report an unauthorized transaction from one of your accounts you should contact the Credit Union immediately. The Credit Union will not take actions based on your E-mail requests until the Credit Union actually receives your message and has a reasonable opportunity to act.

Please Note: E-mail is not a secure method of communication over the Internet. We recommend that you do not include any pertinent information (like your account number or social security number) in your E-mail.

INTERNET BILL PAY (Subject to Application Approval)

Online Banking Bill Pay requires an additional enrollment application that is accessed within Online Banking. Select the Bill Pay icon and instructions will appear. After your enrollment is submitted, you will receive:

- A confirmation email that your enrollment application was received
- A confirmation email that the service is available for use

To subscribe to Bill Pay, you must have an eligible Credit Union Checking Account in good standing. If you subscribe to this service, you may use Bill Pay to make payments from your designated Credit Union Checking Account - the "Payment Account".

To pay bills using Bill Pay, you must use your computer to authorize a payment from a Payment Account. After your instruction is received, payment will be made either by transferring funds electronically from a Payment Account to the person or business you are paying ("Payee"), or by preparing a check from a Payment Account payable to the Payee and sending the check to the Payee.

Using Bill Pay, you can only pay payees with United States addresses. While most payments can be made using Bill Pay, the Credit Union reserves the right to refuse to pay certain payees. You agree not to use Online Banking to pay Payees to whom you are obligated for tax payments or payments made pursuant to court orders or fines.

Bill payments are processed on business days, which include Monday - Saturday. No payments are processed on Sundays or Federal holidays.

You may use Bill Pay to authorize a single, one-time payment or automatic recurring payments to pay your recurring bills. Recurring payments must be for the same amount each month and will typically be paid on the same calendar day of each month. If the date of a scheduled recurring payment falls on a Sunday, the bill payment will be processed on the day before - Saturday. If the date of a scheduled recurring payment falls on a holiday, the bill payment will be processed on the business day prior to the holiday date. Please note that although bill payments can be set up during the weekend, the first day that you may schedule a payment (single payment or the first of a recurring payment) is the first business day following the weekend (excluding holidays that may fall on a weekday).

When you have entered and transmitted a payment instruction, you authorize the Credit Union to reduce the Payment Account accordingly. If there are insufficient funds in the Payment Account to make payments you have authorized, the Credit Union may either refuse or pay the item or it may make the payment and thereby overdraw the Payment Account. In either event, you are responsible for any non-sufficient funds (NSF) or overdraft charge the Credit Union may impose, as stated in the Deposit Agreements. The Credit Union reserves the right to refuse to honor payment requests that reasonably appear to the Credit Union to be fraudulent or erroneous.

You may make individual bill payments, up to the amount of the available balance in your account. For security reasons, we reserve the right to limit the frequency and dollar amount of transactions from your accounts.

SCHEDULING PAYMENTS

When using Bill Pay, you should enter and transmit your bill payment instructions at least five (5) business days before a bill is due. It is your responsibility to authorize your bill payments in such a manner that your bills may be paid on time. You are responsible for any late payment or finance charges that may be imposed as a result of your failure to transmit payment instructions at least five (5) business days in advance.
